Feedback on interaction with Mr Sudeep Ghost last 14 days

Mr Sudeep interacted at suitable timings with deep concern of topics selected by us without hurry or worry. Example poured during interaction was interesting relatively my profession or common known persanalties/happening. Expression was good and nicely presented. Body language was also good. Good speaker with modulated sound.

Overall all sessions was interesting and I enjoyed fully. It was also became healthy because it boost up my morals and values in a way entirely different from our living township atmospheric. I will definitely follow the things like enjoy time, Bhramary and new hobbies for creativity.

With thanks and regards
